So how did the interview go? I have to send a suggested response back up my chain of command soon and was hoping to hear back from you before that.

Thanks

Good Morning:

On June 1st, OSC Daly, Health Physicist Lyndsey Nguyen, Weston Personnel and Guardian Personnel mobilized for the start of the removal action at the Niagara Falls Boulevard Site (NFB) in Niagara Falls, NY. A new PolRep will be issued in the near future.

A reporter, Dan Telvock, will be visiting the Niagara Falls Boulevard Site today around 10:30 AM. EPA has been in contact with Mr. Telvock for several months now in regard to submitted FOIA requests. Our Public Affairs personnel have been working with him to organize an interview with me for several weeks now. We wanted to wait until we were almost complete with our initial mobilization activities before conducting the interview.

Mr. Telvock was informed to speak only with me and not to interview our contractors. Besides the EPA, Mr. Telvock has contacted property owners and NYS DEC/NYS DOH representatives as well.

I will provide an update on the interview/broadcast date as well as site activities as early as possible.

A link to Mr. Telvock's website is below.
